

33rd CONFERENCE ON

**Intelligent Systems  
for Molecular  
Biology**

**DATES:** July 20

AND THE 24th

**European Conference  
on Computational  
Biology**

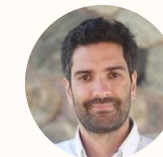

## Closing Remarks

- Thank you for attending the Tutorial on Quantum Machine Learning for multi-omics data analysis.
- What did we learn?
  - Basic principles of Quantum Computing
  - How to setup a quantum circuit with Qiskit?
  - Quantum Machine Learning (QML) algorithms, their advantages and limitations
  - How to run QML experiments on your data?
- We hope you had fun and learned something new. Hope you will be able to use QML in your research. Feel free to reach out to us if there are any questions
